

The Arizona Non-Medical Home Care Association

Consumer Complaint/Dispute Form

The Arizona Non-Medical Home Care Association advocates consumer rights. The Association believes that the consumer has a responsibility to first contact that business in an effort to inform the Provider Business of the difficulties and to give the Provider Business an opportunity to correct the situation. If a Non-Medical Home Care Provider Business has been apprised of a perceived problem by a consumer, the Association holds that the Provider Business has a duty to respond to that issue in a timely manner.

In order to initiate the Association's Consumer Complaint/Dispute process, the Association requires the following:

1. The consumer must send a certified letter, with return receipt, to the Provider Business, detailing names of individuals involved, dates, issues and the nature of the consumer's complaint.
2. If after ten (10) days from the date the Provider Business received the certified letter from the consumer, the consumer believes the matter is still unresolved, the consumer may file this form and required documentation with the Association to initiate the Association's Complaint/Dispute Process.
3. The Association will only address issues or complaints that are within the Association's scope of review, which are:
 - A. Disputes concerning whether services for which a fee was charged were rendered.
 - B. Disputes concerning alleged breaches of the Association's Code of Business Ethics.
 - C. Disputes concerning the quality of care services rendered.

The Association uses a Peer Review Process for complaints and disputes. To understand more about this process, follow this link: <http://aznha.org/ProblemResolutionMain.htm>

If you want to file a complaint and the complaint is within the scope of the Association's review, complete the remainder of this form. Use additional sheets as necessary. Remember to include the substantiating documentation the Association requires, and mail it to:
